Subject Index*

A

Abdominoplasty
Circumferential body lift (Hamra). Commentary (Pitman). 1999;19:244-51
U-M abdominoplasty (Ramirez). 1999;19:279-86

Ambulatory surgery
Internet quality assurance and peer review for outpatient surgical care (Keyes). 1999;19:428
Let's take the lead (Carraway). 1999;19:381-7 (Editorial)
Liposuction in the outpatient setting (Pitman). 1999;19:167
Monitoring requirements in an ambulatory OR facility (Truppman). 1999;19:84-5
Monitoring the diabetic patient in an outpatient plastic surgery setting (Levin). 1999;19:343-4
Treatment of perioperative hypertension in the ambulatory plastic surgery patient (Higgins). 1999;19:255-7

Anesthesia
Counterpoint: sedation and anesthesia in the office setting (Friedberg) (Letter); (Joas) (Reply). 1999;19:51-3
Monitoring requirements in an ambulatory OR facility (Truppman). 1999;19:84-5
Monitoring the diabetic patient in an outpatient plastic surgery setting (Levin). 1999;19:343-4

Apnea; *see* Sleep apnea syndromes

Art
The aesthetic surgeon as artist (Klatsky). 1999;19:40-8

Attitude
Compassion: the role of physician attitude in preventing lawsuits (Aicher). 1999;19:426-7 (Legalert)
Speaking from the heart—the joy of being a plastic surgeon (Carraway). 1999;19:224-5 (Editorial)

B

Bacterial infections
Bacterial biofilms: a cause for accelerated capsular contracture? (Deva and Chang). 1999;19:130-3

Blepharoplasty
Open approach to lower lid correction offers many advantages (Massiha). 1999;19:253-5
Repositioning orbital fat with the transconjunctival approach yields natural results (Camirand). 1999;19:252, 255
Tarsal suspension canthoplasty (Lisman and Campbell). Commentary (Pitman). 1999;19:412-23

Body contouring
Buttock lift: the centerline approach (Ersek). 1999;19:336, 339
Buttock lift: the transverse lift with superficial fascial system suspension (Lockwood). 1999;19:337-8
Circumferential body lift (Hamra). Commentary (Pitman). 1999;19:244-51
A combined program of small-volume liposuction, Endermologie, and nutrition: a logical alternative (Dabb). 1999;19:388-93
Endermologie versus liposuction with external ultrasound assist (LaTrenta). 1999;19:452-8

Breast neoplasms
Mammography and reduction mammaplasty (Netscher et al). 1999;19:445-51

Breast surgery; *see* Mammaplasty

Brow lift
Endoscopic brow lift: objective results after 1 year (Swift et al). 1999;19:287-92
How I modified the endoscopic brow lift (Lorenc). 1999;19:487-8
How I modified the K-wire fixation technique for endoscopic brow lift (Chasan). 1999;19:410-11
The role of the "C-line" in obtaining a permanent brow elevation (Aiache). 1999;19:148-50

Buttocks
Buttock lift: the centerline approach (Ersek). 1999;19:336, 339
Buttock lift: the transverse lift with superficial fascial system suspension (Lockwood). 1999;19:337-8

C

Canthopexy
Open approach to lower lid correction offers many advantages (Massiha). 1999;19:253-5
Tarsal suspension canthoplasty; commentary (Pitman). 1999;19:423

Canthoplasty
Tarsal suspension canthoplasty (Lisman and Campbell). Commentary (Pitman). 1999;19:412-23

Cellulite
Cellasene: hype or help for cellulite? (Kinney). 1999;19:429-30
Endermologie® revisited (Lambruschi) (Letter); (Fodor) (Reply). 1999;19:136-7
Endermologie versus liposuction with external ultrasound assist (LaTrenta). 1999;19:452-8
Is Endermologie® risk-free? (Strasser). 1999;19:304-6
Physiological effects of Endermologie®: a preliminary report (Watson et al). 1999;19:27-33

Chemexfoliation
Chemicals and lasers for skin resurfacing (Baker). 1999;19:323-4

Chin
Finesse in genioplasty (Kawamoto et al). 1999;19:141-7

Cicatrix
Customized incisions in facial rejuvenation (Hartley et al). 1999;19:231-8 (Panel discussion)

Collagen
Soft-tissue fillers: what options are available today? (Troilius). 1999;19:505-7

D

Dermabond®; *see* Tissue adhesives

Diabetes mellitus
Monitoring the diabetic patient in an outpatient plastic surgery setting (Levin). 1999;19:343-4

*January/February, 1-90; March/April, 91-172; May/June, 173-264; July/August, 265-352; September/October, 353-432; November/December, 433-520.

Diet
Cellasene: hype or help for cellulite? (Kinney). 1999;19:429-30

Implant deflation data (Dawkins) (Letter) (Schmidt) (Letter) (Wojtanowski) (Reply). 1999;19:226-7
Redefining St John's wort (Myers) (Letter) (Matarasso (Reply). 1999;19:309-10

Liability, legal
Compassion: the role of physician attitude in preventing lawsuits (Aicher). 1999;19:426-7 (Legalert)
Policing expert testimony (Aicher). 1999;19:500-1 (Legalert)
Tort reform 1999 (Aicher). 1999;19:165-6 (Legalert)
Vicarious liability (Aicher). 1999;19:341 (Legalert)

Lip surgery
Lip augmentation (Anderson and Lo). 1999;19:239-41
Perioral rejuvenation (Friedland et al). 1999;19:57-64 (Panel discussion)

Lipectomy; *see* Lipoplasty

Lipoplasty
Alterations in large-volume liposuction policy (Commons and Halperin). 1999;19:242-3
Circumferential body lift (Hamra). Commentary (Pitman). 1999;19:244-51
A combined program of small-volume liposuction, Endermologie, and nutrition: a logical alternative (Dabb). 1999;19:388-93
Endermologie® revisited (Lambruschi) (Letter); (Fodor) (Reply). 1999;19:136-7
Endermologie versus liposuction with external ultrasound assist (LaTrenta). 1999;19:452-8
External ultrasound-assisted lipoplasty (Wilkinson). 1999;19:124-9
Histologic effects of ultrasound-assisted lipoplasty (Baxter). 1999;19:109-15
Is Endermologie® risk-free? (Strasser). 1999;19:304-6
Liposuction in the outpatient setting (Pitman). 1999;19:167
Physiological effects of Endermologie®: a preliminary report (Watson et al). 1999;19:27-33
Rapid probe movement ultrasound-assisted lipoplasty (Tebbetts). 1999;19:17-23
Sonochemistry and sonoluminescence in simulated ultrasound-assisted lipoplasty environment (Topaz et al). Commentaries (Grisham) (Putterman and Weninger). 1999;19:205-15
U-M abdominoplasty (Ramirez). 1999;19:279-86
Unsatisfactory results of liposuction (Hunstad et al). 1999;19:315-20 (Panel discussion)

Liposuction; *see* Lipoplasty

Lung diseases
Preoperative evaluation and precautions for patients with pulmonary disease (Recant). 1999;19:502-3

M

Magnetics
The therapeutic use of electromagnetic fields in plastic surgery (Kinney). 1999;19:86-7

Malpractice
Legislated financial responsibility (Aicher). 1999;19:253-5 (Legalert)

Mammaplasty
Analysis of two Dow Corning breast implants removed after 28 years of implantation (Brandon et al). 1999;19:40-8
Augmentation of the ptotic breast: simultaneous periareolar mastopexy/breast augmentation (Kirwan). 1999;19:34-9
Avoiding constriction bands during breast augmentation (Singh and Baker). 1999;19:323-4
Bacterial biofilms: a cause for accelerated capsular contracture? (Deva and Chang). 1999;19:130-3
Breast augmentation: ease of dissection with the periareolar technique (Mladick). 1999;19:163-4
Breast augmentation: enhanced visualization with the endoscopic transaxillary technique (Eaves). 1999;19:162, 164
Breast implant technology: what can we count on? (Spear). 1999;19:347-9
Breast reduction: inverted T-incision types (Hidalgo). Commentary (Pitman). 1999;19:328-35
Breast reduction techniques and outcomes: a meta-analysis (Daane and Rockwell). 1999;19:293-303
Conventional saline breast implants provide time-tested reliability (Truppman). 1999;19:425
Effect of implantation surgery on the strength properties of Silastic® II silicone gel breast implants (Brandon et al). 1999;19:197-204
Finesse in breast augmentation through use of the "no-touch" technique (Mladick). Commentary (Pitman). 1999;19:489-97
The Lejour vertical mammaplasty: "user-friendly" tips (Palumbo). 1999;19:65-6
Mammography and reduction mammaplasty (Netscher et al). 1999;19:445-51
The postoperative shape of round and teardrop saline-filled breast implants (Hamas). 1999;19:369-74
Prefilled saline breast implants offer significant advantages (Biggs). 1999;19:424
Spontaneous deflation in saline solution–filled breast implants (Raj and Wojtanowski). 1999;19:24-6
Ultimate strength properties of control and explanted Silastic 0 and Silastic I silicone gel-filled breast implant shells (Brandon et al). 1999;19:381-7
Vertical scar mammaplasty: stable padding of the superior pole by means of a posteriorly based pedicle autoprosthesis (Botti). 1999;19:116-23
Mammography
Mammography and reduction mammaplasty (Netscher et al). 1999;19:445-51
Massage
Endermologie® revisited (Lambruschi) (Letter); (Fodor) (Reply). 1999;19:136-7
Is Endermologie® risk-free? (Strasser). 1999;19:304-6
Physiological effects of Endermologie®: a preliminary report (Watson et al). 1999;19:27-33
Models, biological
Simultaneous cutaneous flap elevation and skin resurfacing in the rabbit model (Adcock et al). 1999;19:375-80
Mouth
Perioral rejuvenation (Friedland et al). 1999;19:57-64 (Panel discussion)

N

Neck
Face and neck lift: the subcutaneous approach (Robbins). Commentary (Pitman). 1999;19:70-8
Nose
Treating the hanging columella: accurate diagnosis is key (Fox). 1999;19:80
Treating the hanging columella: no single technique prevails (Gruber). 1999;19:81
Treatment of complex nasal deformities (Gruber et al). 1999;19:475-82 (Panel discussion)
Nutrition
A combined program of small-volume liposuction, Endermologie, and nutrition: a logical alternative (Dabb). 1999;19:388-93

O

Operating rooms
Liposuction in the outpatient setting (Pitman). 1999;19:167
Monitoring requirements in an ambulatory OR facility (Truppman). 1999;19:84-5
Outpatient surgery; *see* Ambulatory surgery

P

Panel discussion
Aesthetic considerations in male facial rejuvenation (Iverson et al). 1999;19:399-405
Customized incisions in facial rejuvenation (Hartley et al). 1999;19:231-8
Finesse in genioplasty (Kawamoto et al). 1999;19:141-7
Treatment of complex nasal deformities (Gruber et al). 1999;19:475-82
Unsatisfactory results of liposuction (Hunstad et al). 1999;19:315-20
Peer review
Internet quality assurance and peer review for outpatient surgical care (Keyes). 1999;19:428
Plagiarism
The past is prologue (Matarasso). 1999;19:134-5 (Editorial)
Positive-pressure respiration
Managing narcogenic obstructed respiration in the aesthetic surgery patient (Cooper and Noble). 1999;19:485-6
Postoperative complications
Alterations in large-volume liposuction policy (Commons and Halperin). 1999;19:242-3
Augmentation of the ptotic breast: simultaneous periareolar mastopexy/breast augmentation (Kirwan). 1999;19:34-9
Breast reduction: inverted T-incision types (Hidalgo). Commentary (Pitman). 1999;19:328-35
Breast reduction techniques and outcomes: a meta-analysis (Daane and Rockwell). 1999;19:293-303
Finesse in breast augmentation through use of the "no-touch" technique (Mladick). Commentary (Pitman). 1999;19:489-97
Let's take the lead (Carraway). 1999;19:381-7 (Editorial)
Simultaneous laser resurfacing with face lift: a safe alternative for facial rejuvenation (Achauer). 1999;19:498
Simultaneous laser resurfacing with face lift: the voice of polite concern (Friedland). 1999;19:499
Treating the hanging columella: accurate diagnosis is key (Fox). 1999;19:80
Treating the hanging columella: no single technique prevails (Gruber). 1999;19:81
Treatment of perioperative hypertension in the ambulatory plastic surgery patient (Higgins). 1999;19:255-7

Practice management
Employees or independent contractors—which do you have? (Aicher). 1999;19:82-3 (Legalert)
Preoperative care
Preoperative evaluation and precautions for patients with pulmonary disease (Recant). 1999;19:502-3

Q

Quality assurance, health care
Internet quality assurance and peer review for outpatient surgical care (Keyes). 1999;19:428

R

Rabbits
Simultaneous cutaneous flap elevation and skin resurfacing in the rabbit model (Adcock et al). 1999;19:375-80
Rejuvenation
Aesthetic considerations in male facial rejuvenation (Iverson et al). 1999;19:399-405 (Panel discussion)
Customized incisions in facial rejuvenation (Hartley et al). 1999;19:231-8 (Panel discussion)
Face and neck lift: the subcutaneous approach (Robbins). Commentary (Pitman). 1999;19:70-8
Resurfacing
Why I abandoned CO2 laser resurfacing: the dilemma of evolving technologies (Weinstein). 1999;19:67-9
Rhinoplasty
Treating the hanging columella: accurate diagnosis is key (Fox). 1999;19:80
Treating the hanging columella: no single technique prevails (Gruber). 1999;19:81
Treatment of complex nasal deformities (Gruber et al). 1999;19:475-82 (Panel discussion)
Rhytidoplasty
Aesthetic considerations in male facial rejuvenation (Iverson et al). 1999;19:399-405 (Panel discussion)
Avoiding hairline displacement: a "high" flap to eliminate transverse retroauricular scars (Marchac et al). 1999;19:187-93
Customized incisions in facial rejuvenation (Hartley et al). 1999;19:231-8 (Panel discussion)
Face and neck lift: the subcutaneous approach (Robbins). Commentary (Pitman). 1999;19:70-8
Lifting the malar fat pad for correction of prominent nasolabial folds (Owsley). Commentary (Pitman). 1999;19:153-8
Perioral rejuvenation (Friedland et al). 1999;19:57-64 (Panel discussion)
The role of the "C-line" in obtaining a permanent brow elevation (Aiache). 1999;19:148-50
The S-lift: less is more (Saylan). 1999;19:406-9
Simultaneous laser resurfacing with face lift: a safe alternative for facial rejuvenation (Achauer). 1999;19:498
Simultaneous laser resurfacing with face lift: the voice of polite concern (Friedland). 1999;19:499
Soft-tissue fillers: what options are available today? (Troilius). 1999;19:505-7
Treatment of the aging face using the "round-lifting" technique (Pitanguy et al). Commentary (Rees). 1999;19:216-22
Roller massage therapy; *see* Massage

S

Safety
Alterations in large-volume liposuction policy (Commons and Halperin). 1999;19:242-3
Scars; *see* Cicatrix
Scientific misconduct
The past is prologue (Matarasso). 1999;19:134-5 (Editorial)
Sealants; *see* Tissue adhesives
Sedation
Counterpoint: sedation and anesthesia in the office setting (Friedberg) (Letter); (Joas) (Reply). 1999;19:51-3
Silicone
Analysis of two Dow Corning breast implants removed after 28 years of implantation (Brandon et al). 1999;19:40-8
Effect of implantation surgery on the strength properties of Silastic® II silicone gel breast implants (Brandon et al). 1999;19:197-204
Spontaneous deflation in saline solution–filled breast implants (Raj and Wojtanowski). 1999;19:24-6
Ultimate strength properties of control and explanted Silastic 0 and Silastic I silicone gel-filled breast implant shells (Brandon et al). 1999;19:381-7
Skin resurfacing
Chemicals and lasers for skin resurfacing (Baker). 1999;19:323-4
A new system for skin resurfacing: preliminary clinical and histologic reports (Mancini). 1999;19:459-64
Simultaneous cutaneous flap elevation and skin resurfacing in the rabbit model (Adcock et al). 1999;19:375-80
Simultaneous laser resurfacing with face lift: a safe alternative for facial rejuvenation (Achauer). 1999;19:498
Simultaneous laser resurfacing with face lift: the voice of polite concern (Friedland). 1999;19:499
Sleep apnea syndromes
Managing narcogenic obstructed respiration in the aesthetic surgery patient (Cooper and Noble). 1999;19:485-6
SofPulse®; *see* Electromagnetic fields
Sonoluminescence
Sonochemistry and sonoluminescence in simulated ultrasound-assisted lipoplasty environment (Topaz et al). Commentaries (Grisham) (Putterman and Weninger). 1999;19:205-15
Staphylococcus epidermidis
Bacterial biofilms: a cause for accelerated capsular contracture? (Deva and Chang). 1999;19:130-3
Suction; *see* Lipoplasty
Sunscreening agents
New and improved daily photoprotection: microfine zinc oxide (Z-Cote®) (Pinnell and Madey). 1999;19:260-3
